november 13, 2015 The version 2.6.2c update of the Spectrasonics Omnisphere v2.6 is available now for download. New features of the software include the support for the Spectrasonics Sonic Envy Octo and the new Spectrasonics SuperBrute, both of which have been added to the list of supported hardware. If you purchased an Omnisphere MIDI keyboard or controller that supports the MIDI version 2.6 of the software, the update automatically installs on your system. If you have an Omnisphere controller that you purchased that is compatible with the v2.6 MIDI version, please be sure to check if the hardware is listed in the v2.6 update page. The Omnisphere V2.6c update is available for purchase as an optional update of the Omnisphere software. The Ozone 4 software is now compatible with the Spectrasonics Ozone 4 hardware. The update to v1.0.0 is available now for download. This software update contains the support for the Spectrasonics SuperBrute hardware and firmware v2.0. Please visit the Ozone 4 support page for more information on the supported features and the version of the hardware needed to support the software. The Quo v3.3 software update is now available for download. The update is compatible with both the Spectrasonics Quo v3.3 and v3.3 Enhanced versions. The update features a bugfix for the issue that allowed the Quo to produce phantom notes. The update is also compatible with the Spectrasonics SuperBrute v2.0 hardware and firmware. The update contains the support for the following hardware and firmware: Spectrasonics Quo v3.3, Spectrasonics Quo v3.3 Enhanced, Spectrasonics SuperBrute v2.0, Spectrasonics SuperBrute v2.0 Enhanced. This software update is available for purchase as an optional update of the Quo software. The Akai MPC 3000 software update is now available for download. The update is compatible with the Akai MPC 3000 v2.5 software, and contains fixes for the following issues:Q: Acquire the n-th element from a range Is it possible to obtain the n-th element from a range, say [start, end]? For example, 82157476af
